Brigitte Bardot by Kees van Dongen. Being on good terms with a lot of Parisian gallery-owners decades ago already we were allowed to buy their left-over exposition-posters, all printed in lithography by Mourlot, Clot, Desjobert and other famous printshops. Nowadays very sought after collectors-items. In this way we can offer you a fine range of 'affiches de peintres lithographiées' on artists as Picasso, Chagall, Gris, Matisse, Miró, Van Dongen, Manfredi, Munch, Feininger, Baj and many others. All straight out of the original printers-wrap and not hit the daylight since then. Condition A+, and very, very friendly priced. For instance the poster above, size 52 x 77 cm., on the 29th and 30th of october, only during the Amsterdam Antiquarian Book, Map & Printfair for just 375 euro's. Copies in stock: 23. All posters come in a free tube.
